

Results, August 2004 NAQP CW Contest

Bruce Horn, WA7BNM
bhorn@hornucopia.com

Propagation favored the central and southern areas of the U.S. during the August edition of the NAQP CW contest. N2NL eased to first place from Florida over second place Tennessean N4ZZ. N2IC took third from New Mexico as the westernmost station in the top ten. W9RE narrowly bested Louisianan W5WMU for fourth from Indiana. N4AF took sixth from North Carolina, followed by K4RO in Tennessee. With slightly more than 1k points separating the last three places in the top ten, VE3EJ captured eighth, N3BB ninth from Texas and Georgian N4GG took tenth.

In the QRP category, Virginian WA4PGM was the winner by a wide margin over second-place K7UP in New Mexico. VA3DF squeaked by W8TM, who operated on only 3 of 6 bands from Ohio, for third, while Californian N6WG took fifth.

Repeating its January 2004 win, K5KA took first place in the multi-two category. W5KFT took second, while a large group at K5PTC captured third.

The Tennessee Contest Group #1 team used top-ten single-op finishes by two of its members to take first place in the team competition by less than 30k points over the second-place Society of Midwest Contesters #1 team. The Potomac Valley Radio Club UNO team captured third. Unusually, no West Coast team managed a top-three team finish.

For the only record set in the contest, VY2/KD4D broke VY2SS's 1992 Prince Edward Island record by 13k points.
