

February 2008 NAQP RTTY Results

Shelby Summerville, K4WW

The more things change, the more they stay the same! Once again, Charlie, KI5XP, played super station W5WJU to another victory. Don, AA5AU, along with teammates from SWACC #1, K5AM, K6LL and W7WW, round out the Top Five. With all five members in the Top Five, SWACC #1 easily won the team competition. Although K9SEX had more contacts, W6YX found 17 more multipliers, to win the M/2 category. NN7SS (K6UFO) was the QRP winner. Many thanks to all the participants, and to Bruce, WA7BNM, for handling the log checking.

There was some discussion on the RTTY reflector regarding the transmission of RTTY signals on the NCDXF beacon frequency, 14.100 MHz. See www.ncdxf.org/Beacon/BeaconInterference.html, and be guided accordingly! In order to not make this frequency "off limits" in the rules, I will rely on the courteous nature of RTTY contesters to avoid it.
