

Results: North American QSO Party RTTY— February 2012

Fabulous February conditions helped four single operators break the previous record in that class, but only one gets to hold the new Single Operator record — W7RN, operated by WK6I. Jeff, who runs the Twisted Oak Winery in California, traveled to the Comstock Memorial Station in Virginia City, Nevada, for the win. Stanford University's W6YX topped the Multi-Two category with a record-high multiplier count of 251. Multi-Two stations with more than 1000 contacts apiece were W6YX, NØNI, NU2F (@W2FU), W7IV and WW4LL.

V31RR operated by Will, AA4NC, logged 600 contacts to set an initial Belize country record as well as a new North American DX station record. Thirty-seven other state/province/country records were set. Thirty-six teams contributed to the high level of activity, and the mighty SWACC#1 Team set a new team record and had four ops in the Top 10. VA3DF survived "the jungle" to be our QRP winner.

Thanks to Bruce, WA7BNM, for log checking, and to Icom America for sponsoring the award plaques. See you again
