

July 2009 NA QSO Party, RTTY

The results of the July RTTY NAQP speak for themselves as K15XP and W6YX continued to dominate the single operator and multi-two. The Louisiana (*Geaux Tigers!*) Contest Club came out on top in the team competition. New state/province records were established by W8BAR, operating from Massachusetts with W1TO at the helm; AA3B in Pennsylvania, W9ILY/Ø handing out the Nebraska mult and VY2SS on Prince Edward Island, Canada.

A less-than-careful reading of the NAQP rules may lead some to believe that it's okay for single operators to use "spotting information." Unless you are using automated tools such as *CW Skimmer*, taking advantage of spots from the Internet, packet or any other *outside* source in the NAQP puts you in the multioperator two-transmitter category.

Many thanks to all participants, to Bruce, WA7BNM, for doing the log checking and to ICOM America for its continued support of this operating event.

My first NAQP RTTY — Lots of fun just like all the NAQPs. — **AA4NC**

Great fun! Man, I love this contest. — **AA5AU**

Fun as always, but conditions on 80 and 40 were not great here. — **AB7R**

The band conditions weren't the best from here, but I had fun as always. — **AI6YL**

Not my finest effort. — **KØRFD**

Either I need a new antenna on 80 or better propagation. — **KØWA**

Lots of new calls heard and spent a few minutes explaining the contest to a newcomer. — **VA1CHP**

Whoever would have guessed solar flux would be 66 on the same weekend three years in a row? — **VA7ST**

Summer is just a tough time for contest concentration when there are so many other things to do, but, as always, it was fun. — **VE4EAR**

I received signals quite well, but I was not being heard. — **VE6YR**
