The Presidential election of November 2000 inspired some creative contest names for the January 2001 NAQP SSB Contest: from "Chad" to "Dubya." The election may have been close, but the results of this contest weren't. N6MJ trounced the competition by breaking the single op 400k point barrier with an amazing 408980 score. Prior to this edition of the contest, there had been only five scores greater than 300k points, with K6LL holding the all-time record of 322788. In January 2001 a contester had to score more than 300k points to make the Top Ten! The top six scores broke the old all-time record!

W7WA smashed his old Washington record by more than 90k points en route to a second-place finish. K4XS took third and broke his own Florida record by also breaking WR3G's 1992 record for most total multipliers with 284. W7GG upped his year-old Oregon record for fourth place, while N6RT drove W6EEN's station to a fifth place finish. K7RI took sixth place, and W5AO operated W5TM to a seventh-place finish and a new Oklahoma record. KB3AFT used WE9V's station to break WE9V's two-year old Wisconsin record by more than 70k points. K6LL took ninth, while N5RZ rounded out the Top Ten with a new Texas record.

The KH6ND multi-op made an incredible 2540 QSOs, but couldn't overcome K9NS's geographical advantage for multipliers on the low bands. In the end, both multi-ops broke the old 1994 record held by WB5VZL, but K9NS prevailed to take first place by 16k points. The N0NI crew produced the fourth-best multi-op score of all time for a third-place finish.

In the team competition, the Southern California Contest Club #1 team, with three top-ten single-op finishers, broke the 1.5M point barrier and broke the old all-time team record (also by an SCCC team) to take first place. SCCC teams now hold the top three team scores of all time. The Tennessee Contest Group #1 team took second, while the Mad River Radio Club #1 team took third. This is the first NAQP SSB contest where the top three teams all broke the million-point mark.

In addition to these top scores, there were many other record-setting performances. W1CTN smashed W1CRS's year-old Connecticut record, K1VUT added almost 50k points to his own Massachusetts record, and

WA1LNP operated as WE1USA to break his own New Hampshire record by more than 100k points. K4MA set a new North Carolina standard, while N4ZZ did the same in Tennessee. KM5G nudged K5OY's Arkansas record slightly higher, and W5WMU broke his own year-old Louisiana record. KL9A piloted W7UQ to a new Idaho record by a margin of almost 90k points, KK7SG more than doubled the 1991 Wyoming record, and K9PG operated K9XD to a new Illinois record. KE9I pushed W9RE's Indiana record higher,

while AE9B did the same with KI0MB's Missouri record. VA7AM added almost 50k points to his own British Columbia record, while VE1OP set a new standard for Nova Scotia, VE2AWR for Quebec, and VY1JA for the Yukon (more than doubling the old record). To the south, N6KI added almost 20k points to the Mexico record while operating XE2MX.

All in all, this edition of the NAQP SSB Contest produced some amazing scores: nine of the top-ten all-time single-op scores and 28 new records.
