

Results: North American QSO Party SSB — January 2016

Around the time of each NAQP I receive many comments, some about things the writer would like us to change or clarify, others explaining why the writer likes the NAQPs. Even something as simple as operator's name creates discussion and controversy. Some would like us to strictly define the operator's name, while others prefer the freedom to use various names and to even have fun with the name.

While opinions vary on how to define the operator's name, most would agree that it's acceptable to recognize or commemorate individuals by using their names

W9RE	481	308	173
N6ZFO	442	145	297

during one of the *NCJ* events. During the January NAQP a few contesters memorialized individual SKs by using their names. These included Rich Strand, KL7RA; Alan Brubaker, KO7X; Ed Henderson, VE4YU, and Dick Bodine, N0IM. Rich helped many of us get the Alaska multiplier into the log, while Alan handed out the rare Wyoming multiplier. Members of the Grand Mesa Contesters of Colorado remembered him by using his name during the NAQP.

Members of Radiosport Manitoba recognized Ed by using his name during the event. This group of individuals has often been responsible for getting the MB multiplier into our logs. Dick was a long-time member of the Minnesota Wireless Association, and members commemorated him by using his name. These individuals will be missed.

Single-Operator

Earning the Single-Operator category win was Dave, W6NL, in California. As he explained, he was not even scheduled to operate that day. "Rich, N6KT, had intended to use the station for NAQP SSB this time, but at the last minute he let me know he had no voice left but a whisper. Since it looks so easy for the masters, I thought I would give it a shot myself, and I'm really delighted with the result."

In 2nd place was Ken, K0EU, in Colorado. George, NR5M, finished in 3rd, and Paul, K5RT, was just 141 points behind in 4th place.

Log checking determined the finish order for 5th through 8th place, with only a 1.5 percent or 2110 points difference between 5th and 8th. The 10th place finish was also determined by log checking. Table 1 tells the story best.

QRP

Topping the field in the QRP category was Randy, ND0C in Minnesota. In 2nd place was Val, NV9L, in Illinois, followed by Tim, KT8K, in Michigan, in 3rd place, and Jim, N8OQ, in Virginia in 4th. Completing the Top Five QRP was Sonny, AB3WS, in Maryland.

Figure 1 — W6NL helmed his own station this time and racked up the high Single-Operator score.

Multi-Two

The dismantling of the NR5M multioperator station opened the way for some new stations to finish at the top of this category. Taking 1st place was 8P5A, with KA1JJR, N5OT, and W2SC in the chairs. Second place went to WA2CP, with KC2GOW and KB2BSL operating. Finishing in 3rd was NX6T, with nine operators. In 4th place was NE1C, with W1KDM, K1MAZ, and KX1X operating. Closing out the Top Five was N7IP, with N7IP and KØSN on duty.

Team Competition

Team contesting adds a fun element for many individuals by forming a group of operators to compete and pool their scores for a common result. This provides a greater incentive to spend more butt-in-chair time. This time 88 teams were active, with roughly one-third of the participants on a team. Team members must be in the Single-Operator category, may not use high power, spotting or assistance, or be a multiop. I often see teams lose valuable points because one member entered as something other than Single-Operator category. Register teams on the *NCJ* website prior to the contest.

Finishing first in the Team Competition was DFWCG Hawking. The 2nd place team was GM Team 1: CO National Monument. Third place went to the Arizona Outlaws Hawks. NCCC #1 finished in 4th place, followed by SECC #1 in 5th place.

Combined Scores

Repeating for the third January in a row in the combined score results was Pat, N9RV. Pat utilized a 2nd place finish in the CW event and a 7th place finish in the phone event to capture this title. Second in the combined score category was Dave, W6NL, finishing second in the CW weekend and first in the phone weekend. Ken, KØEU, finished third with a 5th place CW score and a 2nd place phone finish. Closing out the Top five, Dave, K6LL, earned the 4th position, while Mike, N7MH, finished in the 5th spot, operating from W6YX.

Table 1 — When scores are close, logging accuracy can impact the finish. Bill, N6ZF0, moved up four positions by being more accurate than the other stations. The difference between 10th and 13th places is only 5483 points or 3 percent.

Finish	Call Sign	Name	State	Claimed	Reduction
5th	K6LL	DAVE	AZ	7th	2.4%
6th	NY7N	ANDY	AZ	5th	4.0%
7th	N9RV	PAT	MT	6th	3.2%
8th	VE4VT	ED	MB	8th	3.4%
9th	ZF2PG	PETE	ZF2	9th	5.0%
10th	N6ZF0	BILL	CA	13th	1.5%

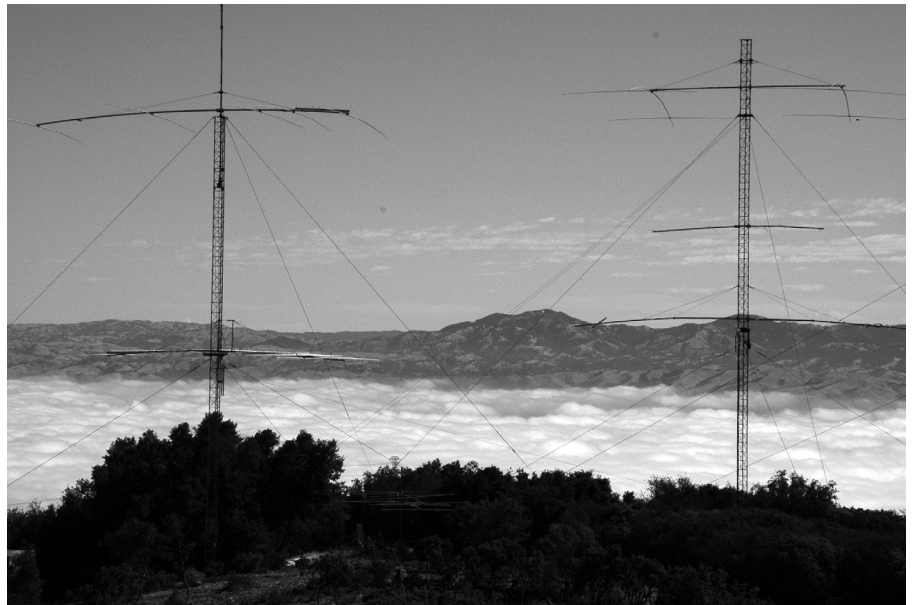

Figure 2 — The homebrew monobanders at W6NL are part of the story behind those big scores.

Final Comments

Log checking reports are available upon request. To receive your report, e-mail ssbnaqpmgr@ncjweb.com, being sure to include the call sign you used during the contest. We currently do not have a way to automatically mail these reports or make them available via other methods.

For those looking for some practice, every Tuesday evening is the Phone Fray.

The format is the same as NAQP. The event is only 30 minutes long and really forces individuals to practice their timing and scheduling skills to do well. The event is at 0230 UTC each Wednesday (Tuesday night local). Rules are at www.perluma.com/Phone_Fray_Contest_Rules.pdf.

The next NAQP SSB is on Saturday, August 20. Hope to work you then.
