

# Results from the August 2006 NAQP SSB Contest

Bruce Horn, WA7BNM  
bhorn@hornucopia.com

Texas and California operators made a strong showing in the August 2006 NAQP SSB contest, but W9RE, operating from Indiana, used his superior multiplier total to take first place in the single-op category. N3BB captured second place over fellow Texan K5OT, who operated W5KFT. N4PN turned in the fourth place score from Georgia, while WM5R, operating K5TR's station, was fifth from Texas. Sixth through eighth places were taken by West Coast stations: Californian N6KT at W6NL with the largest QSO total; K6LL in Arizona, and W6YI in California, respectively. XE1KK was ninth from Mexico, with N4ZZ completing the top ten from Tennessee.

NA4BW easily took first place in the single-op QRP category from Georgia with a score 50 percent greater than second place K4BP, who operated from Tennessee. KO1H, N6WG and KC9ECI took the remaining spots in the top five from Rhode Island, California and Wisconsin, respectively.

The operators of NX5M took first place in the multi-two category from Texas, while the W5WMU crew was second from Louisiana. W4MYA was third from Virginia.

The Austin Power Kinksters cruised to first place in the team competition with three team members turning in top-ten single-op scores. The Southern California Contest Club No 1 team took second, with the Society of Midwest Contesters No 1 team was third.
