

## Results: North American QSO Party, SSB – August 2009

NR5M's superior QSO total was enough for a first-place finish from Texas in the Single Operator category of the August 2009 NAQP SSB. W9RE, who had the largest multiplier total but the lowest QSO total in the top five, finished second from Indiana. N4PN was third from Georgia, followed by K4AB in fourth from Alabama. W5CW operated K5CM's Oklahoma station to a fifth place finish, while K9NR in Illinois placed sixth. Californian W6YI, the only West Coaster in the Top 10, was seventh,

and N4ZZ was eighth from Tennessee. VE3TA and VE3OI finished ninth and tenth, respectively, from Ontario.

With a huge advantage in both QSOs and multipliers, North Carolinian WB4MSG took first place in the Single Operator QRP category. K3MD came in second from Pennsylvania, followed closely by KG4JGQ in North Carolina. N2WN and KS4X finished fourth and fifth, respectively, from Tennessee.

As a result of their QSO advantage, the

W5WMU ops took first place from Louisiana in the Multi-Two category, followed by Texas multiops NX5M and K5TR in second and third places, respectively.

With two team members finishing second and sixth in the Single Operator, the Society of Midwest Contesters #1 team placed first in the team competition. Contest Club Ontario Team #1, also aided by two Single Operator Top 10 finishers, was second, followed by the Central Texas DX and Contest Club Jalapenos team in third.
