

Results: North American QSO Party SSB — August 2013

One thing I enjoy about contesting is how each contest is different. Each event brings different conditions and different challenges. It is these different challenges thrown at us that make the contest unique, fun and challenging. These challenges can be atmospheric, QRN, QRM, propagation, equipment problems, antenna issues, and many more. This year the sun decided to throw in a challenge with an M-class solar flare roughly 30 minutes into the contest.

How operators responded to the solar flare event had a great impact on their scores. There were several that simply threw in the towel, turned off the radio, and went on to do other things. Others chose to slug it out, bouncing from band to band trying to keep some sort of rate going. Then some changed their strategy to take some of their off-time immediately after the flare, returning later to better conditions. Mitch, K7RL, took some time off when he could “hear signals start to nose dive, along with my rate.” Mike, W9RE, commented “First time ever to take time off in the first hour.”

Some areas had other challenges to deal with, such as thunderstorms. Larry, WØPAN, reported lots of noise due to thunderstorms in Arizona. In Florida Bill, K4XS, reported Mother Nature controlled his off-times by forcing him to shut down when thunderstorms were nearby.

Weather also can affect how much time someone spends operating. Those in northern zones tend to spend less time at the radio, while southern latitude stations spend more time. Andy AE6Y, in California, says the NAQP is “a great way to spend a Saturday in the dog days of summer.” Chad, WE9V, in Wisconsin, said, “Waaaay too nice of a day to spend indoors. Went out fishing all day instead.” Chad operated for only about 1 hour. Another person operating only about an hour due to nice weather was Mike, VE9AA, in New Brunswick. Mike states,

“Being prime weather in NB, I don’t usually enter this contest. Yesterday was no different, spending 12 hours away in Sussex.”

Single-Operator

The Single-Operator category saw a nice increase in submitted logs from the previous August, with 550 entries. Even with the weather challenge Bill, K4XS, finished in the top spot. Bill also took the top spot last January. Repeating in the second position from January was Rich, N6KT, operating at W6NL. Finishing a close third was Mitch, K7RL. Less than 2 percent separated the second and third place finishers. Mike, W9RE, moved up five positions to finish fourth, while George, NR5M, placed fifth.

QRP

Finishing on top in the QRP category was Steve, KØOU, in Missouri. Finishing only 50 points behind in second was Bob, W7YAQ, in Oregon. While Bob did have a lower error rate than Steve, he could have easily taken the first place by operating 25 more minutes to finish out the full 10 hours, as Steve did. Rounding out the top five were Jim, WBØIWG, in North Dakota; Mike, KD8QDA, in Michigan, and Ron, W4UT, in Tennessee.

Multi-Two

Retaining the top spot in the multi-two category was the team at NX5M in Texas. In Maryland, Tom, K3AJ, and Dennis, N8IVN, operated WX3B to a second place finish. Third went to WW4LL in Georgia. Dropping to fourth was W6YX in California with Bob, W4MYA, finishing fifth. Bob operated assisted, which places him in the M2 category.

Team Competition

Fifty teams participated in this event.

Finishing in the top spot was the SMC team of County Fair with three team members finishing in the Top 10. The second place team was NCCC #1 with only one Top 10 finisher. Third place goes to the DFWCG Knight team with two Top 10.

Combined Score

Moving into the top spot from second place last time was Mike, W9RE. Mike took advantage of a fourth place finish in the SSB event and a second place finish in the CW event to capture the combined score title. Finishing second was Mitch, K7RL, leveraging his third place finish in the SSB contest. In third place was Tom, N7MH, operating W7RN.

Plaque Winner

Bill, K4XS, earned the plaque in the Single-Operator category, which is sponsored by the South East Contest Club. Earning the M2 plaque sponsored by the Tennessee Contest Group was the team at NX5M. Taking the combined score plaque was Mike, W9RE. This plaque is sponsored by the Southern California Contest Club. We thank the sponsors for their continued support of our SSB plaque program and to Brian Maves, K9QQ, for handling the program.

Conclusion

Many of you commented on how you like the simple format and the friendly nature of this contest. It also helps that the event runs just 12 hours. Thanks to all for participating and keeping this a fun event.

Starting with this August NAQPs we plan to have Log Checking Reports available. To receive your report, e-mail ssbnaqpmgr@ncjweb.com with your request and your call sign. I’ll try to reply with the LCR within a day or two.
