NCJ CW Sprint

Boring Amateur Radio Club
cwsprint@ncjweb.com

The 48th running of the CW Sprint was held on February 11th, 2001. Conditions seemed to be very good for almost everyone in the contest, but especially for those on both coasts—seven of the top ten stations were from one coast or the other. Three hundred QSOs wouldn't even get you past the 40th percentile in the W1 and W2 call areas.

We received a total of 147 logs—and again all but a handful of them were in electronic format. This really helps reduce the amount of manual labor required to compile these results.

The top score honors go to Tree, N6TR, who made an amazing 393 QSOs. Second place was won by Steve, N2IC/Ø. Third place was awarded to Dave, K5GN. The rest of the Top Ten was K5ZD/1, N2NT, N6TV (golden log), W6EEN, N9RV, K4AAA and K6LL.

In the low power category, Dan, N6MJ, collected 313 QSOs to take first place. All the rest of the top ten in this category—NØAX/7, K7SV, W7UQ, N5TJ, NAØN, KI7Y, N9CK, N7LOX and WT9U—finished above 10k. There was similar distribution across the country for the Top Ten low power scores, although there are more Black Hole stations here than in high power. This category is hot and the competition is pretty stiff.

We received two QRP logs this time. Dale, KG5U made, 212 QSOs to win the category.

In the team competition, the Southern California Contest Club scored an impressive 19th team victory with a total of 150185, well ahead of second place Northern California Contest Club #1. In the East, the Yankee Clipper Contest Club pulled ahead of their rivals in the Frankford Radio Club to secure third place.

There were three new records set this time. Congratulations to previous *NCJ* editor and 5-time CW Sprint winner Randy, K5ZD/1, who broke his own record for high score in MA. Andy, N2NT, did the same thing in NJ and N6TR in

Team Scores

Sprint Tip

It is important that each QSO is confirmed by the other station. It is all too easy to forget this while dumping in your call at the end of another QSO. Please remember to give both stations a chance to make sure they have all the information they need before you jump in.

Sprint-Related Web Sites

For Sprint rules and contest dates, visit the *NCJ* Web site: www.ncjweb.com. The list of submitted logs is also located there. A wide range of *NCJ* and contesting-related topics are covered on the site.

Seasoned veterans—as well as those interested in trying the Sprint for the first time—should also check out N6TR's Sprint Survival Web Page at jzap.com/n6tr/sprint.html. It explains the exchanges, provides examples and is loaded with good information, advice and contest strategies.

OR. There were 42 logs submitted with over 300 QSOs—another new record. N2NT also broke his old band change record with a new high of 168.

We are pleased to recognize the stations with perfect logs with no score reductions: N6TV, N5RZ, N6AA, W2GD, WB0O, AE6Y, W7UQ, N5TJ, N9CK, KG5U, K3WW, K9MOT, N4CW and W4NR. Of those, N6TV, N5RZ, N6AA, W2GD and WB0O had over 300 QSOs in their logs.

All logs were fully checked using the

N6TR Sprint log checking software. You can receive a report showing how your log fared by sending an e-mail to n6tr@contesting.com.

The next CW Sprint will be held on September 9th, 2001 (UTC) at 0000Z.

Guidelines for Log Submissions

Please carefully read the rules for submission posted on the *NCJ* Web site: www.ncjweb.com.

The Cabrillo log format is now preferred and eliminates the need for a

summary sheet. Otherwise, submit your ASCII log and a summary sheet via e-mail or diskette. E-mail your logs to cwsprint@ncjweb.com or via snail mail to BARC—CW Sprint, 15125 SE Bartell Rd, Boring, OR 97009. Check the received logs list on the *NCJ* Web site to verify that your log has been properly received. Team registration is done via the Web site.

Feedback on log accuracy is available via e-mail (send your request to cwsprint@ncjweb.com).
