

# Results, October 2001 NCJ RTTY Sprint

Wayne Matlock, K7WM  
k7wm@i10net.com

An increase in participation, more submitted logs, great propagation and a better understanding of the unique format of the Sprint combined to add up to a better, more entertaining, faster-paced and higher-scoring October 2001 RTTY Sprint Contest.

Even our offer to accept any and all log formats—electronic, paper, *whatever*—still kept over half of the entrants from sending

in a log, though. We ended up without any logs from contestants in the 3rd and 8th call districts, but we did pick up participants from two more Canadian provinces and several more DX locations.

Soapbox comments turned in this time around included “What a fast, fun, frustrating time,” “Most fun I’ve had all year!,” “Won’t miss another one,” “My fingers were tired,” and “Why didn’t more people

show up on 80?”

There are some very nice certificates available, so don’t miss the next running on March 10th, 2002, from 0000Z to 0400Z (Saturday evening in North America). The dates, complete rules, team registration and log submission information can be found in the Jan/Feb 2002 issue of the *NCJ*, or on our Web site: [www.ncjweb.com](http://www.ncjweb.com).

## Top 10 Breakdowns
