The August 2006 edition of the NAQP CW contest favored the same geographic areas as the August 2005 contest: The Midwestern and Eastern portions of the US and Canada. VE3DZ scored a rare Canadian first place single-op finish from Ontario, with W9RE 20,000 points behind from Indiana. N9CK took third from Wisconsin, while W4PA captured fourth from Tennessee. Texan N3BB, claimed fifth, followed by W0UA, the furthest West station in the top ten, in Colorado. VE3EJ was seventh from Ontario, followed closely by N0AT, K5NZ and AA3B from Minnesota, Texas and Pennsylvania, respectively.

KC5R took first place in the single-op QRP category from Louisiana, followed by AK0M in Iowa. N0LY in Missouri nudged Texan W5KDJ for third, while W8TM was fifth from Ohio.

The multi-two category win went to the K5KA ops in Oklahoma, with N0NI taking second from Iowa. W1AF was third with a rare multi-two entry from Massachusetts.

Although only one of its members had a top-ten single-op score, the Tennessee Contest Group #1 team finished first in the team competition. The Society of Midwest Contesters #1 team was second, followed by the Austin Powers Grandmas team. Only slightly more than 53,000 points separated the first- and third-place teams.
