

Results: August 2007 NAQP CW

Bruce Horn, WA7BNM
bhorn@hornucopia.com

Even though he moved from the West Coast to the East Coast since the January edition of the NAQP CW, N2NL, now living in Florida, repeated his win in the single-op category in the August 2007 event. N2IC took second from New Mexico with the largest QSO total. N4AF was third from North Carolina, with Pennsylvania-based AA3B capturing fourth. W9RE took fifth from Indiana. N6RO in California edged Ontario-based VE3DX for sixth place. Closely grouped VE3EY, N6NF and N5OT-operated W7RN took the remainder of the Top 10 spots from Ontario, California and Nevada, respectively.

KC5R was first in the single-op QRP category from Louisiana, with VA3DF and NA4BW repeating their January second and third place performances from Ontario and Georgia, respectively. K7UP captured fourth from New Mexico, followed by NØLY in Missouri.

The K5KA operators took first place from Oklahoma in the multi-two category, while Minnesota-based KTØR finished with a slim 400-point edge over third-place W1AF from Massachusetts (a rare top three finish for a New England station in this category).

The Northern California Contest Club Team 1, powered by two Top 10 single-op scores, won the team competition, with the Southern Comfort and Central Texas DX and Contest Club teams taking second and third, respectively.
