

August 2004 NAQP SSB Contest Results

Bruce Horn, WA7BNM
bhorn@hornucopia.com

In an incredibly close finish, W9RE used his outstanding multiplier total from Indiana to edge Floridian K4XS by a little more than 300 points to take first place in the August edition of the North American QSO Party SSB contest. W5WMU operated from his Louisiana QTH for third place with K7RL and K0DU following closely behind for fourth and fifth from Washington and Colorado, respectively. N6NF took sixth from California, while N2IC operated from New Mexico for seventh. Tennessean N4ZZ captured eighth by less than 100 points over NN3W who operated from Maryland, and N3AD was tenth from Pennsylvania.

In the single-op QRP power category, Georgian NA4BW repeated his January 2004 QRP SSB win by slightly more than 100 points over second-place finisher W1KLM, operating from Arkansas. N8IE, WA0VBW and W6AQ were third through fifth from Ohio, Minnesota and California, respectively.

The KT0R operators used their superior multiplier total to capture first place in the multi-two category from Minnesota. W4MYA took second from Virginia, while K9SEX was third from Texas.

W9RE's first place single-op finish helped power the Society of Midwest Contesters #1 team to first-place in the team competition. The Tennessee Contest Group Thunderbirds team was second, while the Southern California Contest Club #1 team was third even though it had no members with top-ten single op finishes.
