Have you ever thought about how to keep contesting fun and challenging? Doing the same thing year after year can become routine. After having contested since 1969, I reached this point several years ago, so I started doing something other than Single-Operator, Low Power. I began operating at multiops, traveled to and operated from DX locations, operated mobile in QSO parties, guest operated, and did some portable operating. Each has different challenges, different strategies, and different preparation.

For this contest we were going to be in the Detroit area. So, do I find someplace where I can guest op or multiop, or should I take along a portable station? After researching the possibilities, I opted for portable operation. I packed all the gear into the car, and we were off to Detroit!

After doing the day activities we returned to the hotel, and I set up in the back parking lot. Issues with antenna tuning delayed my start until 20 was almost closed. I made several contacts and decided to move to 40. I was trying a different antenna configuration, which turned out to be a failure, so

after a couple of contacts, I pulled the plug. It was getting late, and the next morning we would have an early start.

While I made only 22 contacts I learned several things for the *next* time, so I considered it a worthwhile attempt. It is possible to change things up in your contesting endeavors and still have fun.

Single-Operator

Finishing first in the Single-Operator category by a comfortable margin was Kevin, N5DX, in Arkansas, followed by Craig, K9CT, in Illinois. Finishing third was Ken, K0EU, in Colorado. The next four positions were tightly bunched. George, NR5M, earned 4th place. Close behind in 5th place was W6NL, operated by Dave, N6KT, in California. In 6th place was Paul, K5RT, in Texas. Closing out this tight bunch was Tom, AA9A in Wisconsin. Between 4th place and 7th place there was less than a 6 percent difference in points. A few QSOs or multipliers one way or the other by any of the four stations could easily have changed the finishing order.

QRP

Taking the top spot in the QRP category was Jim, N8OQ, in Virginia. Finishing a close second was Steve, WB4OMM, in Florida. Third was Tom, W1TEF, in South Carolina. In the fourth spot was John, KB1VXY. Completing the top five was Greg, AD4RE, in Florida.

Multi-Two

After many 2nd place finishes, the team at WX3B in Maryland finally earned the top spot in the multi-two category. Finishing second was N3BUO in Texas. Following in the 3rd position was the team operating N5YA in Texas. Fourth place went to N1RM in Virginia, followed by WA2CP in 5th place from New York.

Team Contesting

Getting on a team is a way to add fun and incentive to your NAQP efforts. After all who wants to let down the rest of the team when you're stuck trying to decide whether to contest or go on a hike or fishing trip? Many contest clubs form several teams as a way of building camaraderie

among members. For NAQP there are no membership requirements, and team members can reside anywhere in North America. Some of the more active clubs in NAQP are Arizona Outlaws (four teams, breakfast theme); DFWCG (four teams, car theme); NCCC (six teams); PVRC (23 teams), and SMC (21 teams, beer theme). To add to the fun clubs often come up with creative team names.

Finishing in 1st place in the Team Competition was DFWCG Edsel. In 2nd place was NCCC #1. Third place went to the GM Blackhawk. SMC Team Shiner Bock finished fourth, followed by SECC in 5th place.

Combined Score

Repeating as the August combined score winner was Kevin, N5DX, in Arkansas. Last August Kevin won from ZF2DX. Ken, KØEU, in Colorado finished second, moving up two spots from last August. Finishing in the 3rd position was Craig, K9CT, in Illinois. In 4th place was Paul, K5RT, also in Texas. Rounding out the top five was John, K4BAI, in Georgia.
