

Preliminary Results: North American Sprint CW – September 2023 – Boring Amateur Radio Club

(This is the preliminary results which are based on the first complete output from log checking and includes the winners in all the major categories and overlays. After the preliminary results are published, a full version of the results will follow with expanded coverage and any corrections to the preliminary scores. The goal of preliminary results is to give a full picture of the submitted scores with all logs included as quickly as possible, recognizing that additional analysis and review might discover necessary changes. - Editor)

Category Winners		
High Power	Andy Blank, N2NT	17,967
Low Power	Lar Schimelpfenig, K7SV	15,012
QRP	Eric Tichansky, NO3M	10,464
12 Band Changes or Less	Dan Craig, N6MJ	16,328
Top Golden Log (no errors)	Pat Korkowski, NAØN	258 QSOs
Top Team	Northern CA Contest Club #1	73,138

161 logs were received by the deadline from 51 different multipliers. There were at least 4 more multipliers active, since 55 was the top multiplier count. Great to see a Sprinter from across the pond – Dave G4BUO – and Kam N3KS put the unusual call sign TI7ØRC on the air, as well. Watch for the full results including Top Ten tables and more in a couple of weeks.
