128 logs were received for this event - a decline from the 187 logs submitted for February 2026. Typically, the February CW Sprint draws more activity, but this event was still highly successful. Participants enjoyed fierce competition and close scores, including 11 Golden Logs.

Dan, N6MJ, claimed the top High-Power spot with an amazing score of 14,945 while making only two band changes. Congrats, Dan! The scores across the top ten High-Power proved to be incredibly tight; only 1,033 points separated N6MJ's winning score from the number 10 spot at 13,912.

Andy, N2NT, achieved the highest QSO total with 310 contacts, securing the number 2 High-Power position. Interestingly, while N6MJ made 305 QSOs with just two band changes, N2NT achieved only five more QSOs but utilized 96 band changes.

At the top of the multiplier heap, W4AN (operated by Jeff, KU8E) garnered 50 multipliers for an impressive total. Seven other stations narrowly missed the top spot, managing to obtain 49 multipliers – another fine achievement.
